Elon Musk, the Brilliant Mind behind Numerous Companie (most notably Tesl) had many forces early in life shape him into the Ambitious Man he is today. Born in South Africa, his Mother was a Canadian Dietitian and mMdel, and his Father an Engineer and sailor. He's the Oldest of Three and was always a Cerebral Child interested in Comic Books, Video Games and Sci Fi. As a Teenager his Desire to Learn continued : he read the Entire Contents of the Local Library, then devoured Two Sets of Encyclopedias.

He leveraged his Thirst for Knowledge and Knack for Technology as an Adult. Just looking at his resume one discovers how his Mind Works Differentl ; how he always thinks of the Big Picture, and considers Ideas that will Change the World for Decades and Centuries to come. He thought up Online Banking before anyone even considered it with PayPal; Mainstreamed Electric Cars with Tesla ; sought to Make Mars Colonization for the Masses possible with SpaceX; and dreamed up High-speed, Underground, Long-distance Transportation with Hyperloop.

In the Pursuit of these Projects and Others, he has had to face Work-life Balance head on: He now has Shared Custody of his Five Sons with his ex-wife. He's a Wild Business Success and Visionary, but this Article Explores Whether in Musk's Case, that meant Paying the Price for Quality Personal Relationships....
